The canned fruits and vegetables put up in this country are estimated at $47,000,000, valuing the stuff at an average of $2 a case. There are 2,000 canneries which turn out annually 6,000,000 cases of tomatoes, 5,500,000 of corn, 2,000,000 of peas, and 10,000,000 of peaches and other fruits and vegetables, a total of 23,500,000 cases. But there are very few canneries in the South, which is by long odds the best section for them.

ASSESSMENT CASE.

Before Standing Master Shepherd in the Railroad Tax Valuation Matter.

HEARD IN U. S. COURT ROOM.

Officers of Private Corporations Refuse to Permit an Examination of Their Books--The Matter Referred to Judge Simonton.

The hearing of evidence in the railroad tax assessment cases, reference to which was made in the STAR yesterday, was begun yesterday morning at 10 o'clock in the United States Court room before Hon. James E. Shepherd, Standing Master of the U. S. Circuit Court of Equity, which court is presided over by Judge Simonton, who will pass upon the matter of whether the Corporation Commission is assessing the properties of the A. C. L., S. A. L. and Southern railroad systems in the State at a higher valuation for taxation than other property in the State is assessed.

The railroad companies are represented by Messrs. George Rountree, of Wilmington; R. O. Burton, of Raleigh; Charles Price, of Salisbury, and Maj. John D. Shaw, of Rockingham. The Corporation Commission is represented by Hons. H. G. Connor, of Wilson, and Jas. H. Pou of Raleigh. Hon. Franklin McNeill, chairman of the defendant Corporation Commission, is also in attendance upon the bearing, as are also quite a number of other attorneys, who are guarding the interests of several private corporations, the officers of which are summoned as witnesses. Miss Stella Shrier is engaged as Court stenographer.

The complainants opened their case by introducing as a witness Mr. W. H. Biddle, Register of Deeds of New Hanover county, who testified as to the valuation of property of individuals and private corporations in the county. He referred frequently to the record and admitted that the County Commissioners had in many instances reduced the valuation of property as fixed by the assessing board.

Capt. A. L. DeRosset, one of the list takers, was also examined as to the valuation of property in New Hanover county, and at 1 o'clock an adjournment was taken until 3 o'clock in the afternoon

In the afternoon Mr. J. W. Norwood, president of the Atlantic National Bank, testified as to the valuation of property in the county and also as to the value of certain railroad stock owned by him. In the latter point some technicality arose and the record was arranged for presentation to Judge Simonton as to the relevancy of certain questions asked the witness regarding the comparative valuation of properties in which he is interested.

The next witness was Capt. Henry Savage, secretary and treasurer of the Acme Manufacturing Company, and it was sought to prove by him that the property of his corporation is not valued for taxation at more than seventy-five per cent. of its actual value, while that of railroad corporations, as a matter of fact, is assessed at full valuation.

The order for Capt. Savage's appearance enjoined him to bring for the examination of the court the books of the company, showing the gross earnings and net profits of the corporation. He was asked the usual preliminary questions and upon a request for the books of the company, according to advice of counsel, he refused to produce them. The net and gross earnings of the company are wanted by the court to assist them in determining the actual value of the Acme Manufacturing Company's plant, as it would be valued at more or less in proportion to the profit accruing from its operation.

The question was argued for the testifying witness by Messrs. E. K. Bryan, Eugene S. Martin, of this city, and Cameron Morrison, of Rockingham, who are attorneys for several corporations, the managers of which have received like summon to appear with their books, to which the attorneys for witnesses object on the ground that the net and gross earnings of the private corporations are irrevelant and incompetent as testimony and that if relevant and competent, it is depriving the witnesses of valued property rights without due process of law; that the privacy and secrecy of their business affairs are valuable and protected under provisions of the constitution. Informal argument upon the question at point was had and an adjournment was taken until 11 o'clock this morning, when the record and objection to the *duces tecum* will be arranged for presentation to Judge Simonton, who will pass upon the constitutionality of the requirement. After this arrangement is made it is very probable that a recess will be taken until a decision is handed down by Judge Simonton upon the question.

A test case of the Acme Manufacturing Company will be made to determine the right of the Court to require of it the books referred to, and as there are numerous other private corporations, who have received similar summons to that of the secretary of the Acme Company, the attorneys for all will join hands to confront such action if possible.

— Capt. T. W. Fisher and Mr. Tom Roberts, of Newbern, representing Messrs. Stewart & Skinner, Baltimore, are in the city, calling on the trade.

Democratic County Convention.

All interest in local politics now centers in the Democratic County Convention which has been called to meet in the Court House Saturday at 12 o'clock noon. An official call to this end is printed in the advertising columns of the STAR this morning and the advertisement sets forth the purposes of the convention as for the ratification "of the nominees made at the primaries for the General Assembly and to transact such other business as may come before them." The matter of the State Senatorial squabble between Mr. Iredell Meares and Capt. George L. Morton will also be considered and probably indirectly decided one way or another.

The Vote from Harnett.

Official returns from the second primary in the missing precinct in Harnett township were received yesterday and as predicted by the STAR yesterday morning, the general result was not changed. The vote was Willard, 4; Empie, 32; Walton, 21; Stokes, 14. The majority of Mr. Willard was decreased to 87 and that of Dr. Stokes to 644.

The polls were regularly opened by the poll holder in Federal Point township but no votes were cast.

STATE SENATORSHIP.

Majority of Brunswick Delegates Instructed to Vote for Iredell Meares, Esq.

THE CONVENTION YESTERDAY

Large Gathering at Lockwood's Folly—Three Out of Four Delegates Are Against Morton—Aycock and Waddell Endorsed.

Wilmington's delegation which attended the Brunswick county convention at Lockwood's Folly, yesterday, returned last night.

Much interest was manifested in the meeting, as upon the occasion it was known that the Brunswick Democrats would take final action upon the State Senatorial question, which has become quite interesting, as between Capt. George L. Morton, who was nominated at the New Hanover Democratic primaries last Thursday, and Mr. Iredell Meares, who is also a candidate before the convention. The action of the convention is best told in the following special telegram, which was received last night from the STAR'S special correspondent at Southport:

SOUTHPORT, N. C., March 28.—The Brunswick County Democratic Convention met at Lockwood's Folly today for the purpose of electing delegates to the State Convention, also the District Senatorial Convention, composed of Brunswick and New Hanover.

Of the four delegates to the Senatorial Convention three were instructed to vote for Iredell Meares and one for George L. Morton, both of New Hanover.

The delegates to the State Convention were instructed to vote for Charles B. Aycock for Governor, and to vote for an endorsement of Hon. A. M. Waddell, of New Hanover, for the United States Senate.

There was a very large gathering at the convention and everything passed off quietly.

Both Mr. Meares and Capt. Morton addressed the convention and set forth their respective claims. Mr. Meares contended that according to the State plan of organization the two counties comprising the tenth district had in hand the nomination of a candidate; that each candidate had a right to representation in the convention in proportion to the vote as received in the primaries. He further set forth his claims as embodied in a letter addressed to Brunswick Democrats, which was published several days ago in these columns.

Capt. Morton, in his speech to the convention, contended that he was the regular nominee of the Democratic party in New Hanover county, as was evidenced by the result of the primaries held last Thursday, and that as this was the year, according to a long established custom, for New Hanover to name the candidate, that he was entitled to the endorsement of the convention.

The naming of delegates to the Senatorial Convention to be held here was then entered into with the result as given in the special telegram printed above.

Brunswick is entitled to a representation of 16 votes in the Senatorial convention, which will be called to meet here later and New Hanover county is entitled to a representation of 45. According to the instruction given the Brunswick delegation, therefore, Mr. Meares will have 12 votes of their number and Mr. Morton 4. The total vote of this convention is 61 and it is therefore apparent that 31 votes is required to give a majority for either candidate. The contest will now shift to New Hanover, and it will be a question as to which of the candidates will receive enough of the strength accorded New Hanover to make his majority certain.

A friend of Capt. Morton, who returned last night, stated that while there was a large crowd in attendance upon the Brunswick convention, there were two townships—Waccamaw and Northwest—which were not represented at all.

ATLANTIC MANUFACTURING COMPANY.

Application Made for Charter for New Wilmington Enterprise Yesterday.

Application was made yesterday afternoon to the Clerk of the Superior Court for a charter for the Atlantic Manufacturing Company, of Wilmington. Its capital stock will be $3,000, divided into 30 shares of the par value of $100 each, and the company reserves the right to increase its capital stock, which is non-assessable, to $50,000, as the business may demand.

The corporation is formed for the purpose of the manufacture and sale of baking powder, snuff and tobacco, and a duration of thirty years is asked for. The incorporators are Messrs. C. W. Worth, Jno. F. McNair, H. L. Vollers, S. P. McNair and D. L. Gore, all prominent wholesale merchants on the wharf.

A STAR reporter was informed by one of the incorporators yesterday evening that at first only the manufacture of soda and baking powder will be undertaken. The office and plant will be on North Water street.

Death of John F. McCabe.

News has been received in the city of the death in Baltimore of Mr. John F. McCabe, once a resident of Wilmington and a half-brother of Mrs. G. W. Linder, of this city. He was a son of Mrs. Mary E. McGarity, and his death occurred Monday morning of Brights' disease. His mother was with him at the time of his death.

JUDGE DOSSEY BATTLE.

Died Yesterday Morning at His Home in Rocky Mount, N. C., After an Illness of Two Weeks.

Judge Dossey Battle, of the Eastern District Circuit Criminal Court, died yesterday morning at 7:40 o'clock at his home at Rocky Mount, N. C., after a two week's illness with la grippe and heart complications.

The news came early yesterday morning in the nature of a private telegram to a friend in the city and it was received with unfeigned sorrow by a wide circle of Judge Battle's friends and acquaintences here. He had been appointed to hold court in this city March 12th, but the term had to be continued on account of his sickness, which was announced in these columns at the time. Later it was reported that Judge Battle was doing well and on the road to a rapid recovery. His friends were gratified to learn of his improvement and the announcement of his death yesterday morning came as a surprise to all.

Judge Battle was well and favorably known in Wilmington. In his earlier life he was engaged in the newspaper business at Tarboro and later was engaged here on the reportorial staff of the *Messenger* and for a short time on the MORNING STAR. After leaving Wilmington Judge Battle entered into practice of the legal profession and for some time travelled in the interest of the Keeley Institute. He was a versatile writer, a fluent speaker and an able lawyer. He presided with ability and dignity as a judge of the court and was very popular over his district.

Deceased was about 60 years of age, and leaves a sorrowing wife and several children, all of whom have the sincere sympathy of many friends.

The Eastern District comprises the counties of Mecklenburg, New Hanover, Edgecombe, Robeson, Halifax, Cumberland, Craven, Nash, Warren, Wilson and Northampton, and the position which Judge Battle held was one of responsibility. His term would have expired one year from April.

His funeral will be held with Masonic honors this afternoon at 4 o'clock from his residence at Rocky Mount.

AT THE OPERA HOUSE.

"The Christian" Presented Last Night to a Small Audience—A Good Play Well Played.

Wilmington theatre goers enjoyed a rare treat at the Opera House last night in the excellent dramatization of Hall Caine's novel, "The Christian." It was the par excellence of theatrical productions this season, and was powerful, masterly and elegant.

While "The Christian," in its dramatic version did not adhere strictly to the novel, it lost nothing by the departure, and was clear and sequential throughout. The scenery, stage fixtures and costumes were in keeping with the situations and were superb in their completeness. The actors were on the whole very good and clever. Miss Effie Ellsler, as *Glory Quayle*, was (while in striking contrast to Viola Allen, the creator of this role) at times excellent and gave several bits of real good acting, showing great skill in her clever changes from the sublime to the ridiculous and her wonderful emotional power.

Of the men, Edward Emory was clearly in the lead, portraying *Lord Robert Ure*, and acting with so much precision and exactness as to prove himself an actor of great strength and merit.

J. M. Colville made a good *John Storm*, and spoke his lines with force and earnestness.

It was a good show and certainly deserved a much larger patronage than it received.

The Opera House management lost considerable on the production, as the crowd present fell far short of the guarantee.

THE CRIMINAL COURT

Judgeship Made Vacant by Death of Judge Battle Tendered to Chas. A. Cook.

HE HAS NOT YET ACCEPTED.

Blackwell Durham Tobacco Company Suit. Major Guthrie's Answer Filed in the U. S. Circuit Court--Contention of Defendant Company.

[*Special Star Telegram.*]

RALEIGH, N. C., March 28.—Gov. Russell has offered the Judgeship of the Eastern Criminal Court district, made vacant by the death of Judge Dossey Battle, to Chas. A. Cook, of Warrenton. He telegraphed for Mr. Cook this morning immediately after the news of Judge Battle's death was received, and Mr. Cook arrived here this afternoon, but has not yet announced his acceptance of the appointment. No formal tender will be made of it unless he agrees in advance to accept.

The answer of Major Wm. A. Guthrie to day in the Blackwell Durham Tobacco Company suit, was filed today in the United States Circuit Court. This is the suit, it will be remembered, brought by officers, directors and employes of the American Tobacco Company, who are also large stockholders in the Blackwell Company, to have a receiver appointed for the Blackwell Company and close up its business. The suit is brought against the Blackwell Durham Tobacco Company, and the minority stockholders in it, and is based on an interview given out by Maj. Guthrie, one of the minority stockholders, in which he declared his intention to ask the Legislature to repeal the charter of the Blackwell Company, on the ground that it was a trust. As soon as the interview appeared the president, vice president, secretary, treasurer and several directors and employes of the American Tobacco Company, went before Judge Simonton at Charleston and asked that a receiver be appointed. The petition was granted, and P. S. Hill, secretary of the American Tobacco Company, was named as temporary receiver, and April 17th, at Charleston, was fixed for hearing argument as to whether the appointment of a receiver should be made permanent.

In the papers filed to-day Major Guthrie makes answer only for himself, and bases his defence on the following grounds: First, that the court has no jurisdiction; second, that if it had jurisdiction, it ought not to grant the relief, for the reason that plaintiffs have come into court actuated by an improper and illegal purpose on their part, to merge the Blackwell Durham Tobacco Company with the American Tobacco Company, in order to create a monopoly in the smoking tobacco business, in violation of the constitution of North Carolina, and contrary to the genius of a free State; third, that the Blackwell Durham Tobacco Company being a solvent going corporation, chartered under the laws of North Carolina, the only competent authority to repeal the charter, dissolve the corporation and wind up its affairs is vested in the General Assembly of North Carolina, under article eight, section 1 of the State constitution.

WASHINGTON NEWS BUDGET.

Senate Officers and Employes Express Regard for Gen. W. R. Cox—Representative Kitchin.

[*Special Star Telegram.*]

WASHINGTON, D. C., March 28.—The officers and employes of the Senate held a meeting to-day for the purpose of expressing their feeling of high personal regard for Gen. W. R. Cox, of North Carolina, the former secretary of the Senate. Appropriate resolutions were adopted which will be communicated to him at an early date.

The President has appointed Herbert Lloyd postmaster at Chapel Hill, N. C.

Representative Kitchin yesterday called on Speaker Henderson and asked him to reconsider, so as to bring up the Senate bill making appropriations for monuments for Generals Nash and Davidson. Speaker Henderson said he could not do so at this session, owing to the many similar bills.

Representative Kitchin to-day requested the director of the census bureau to put J. F. Clendenine, of Graham, N. C., who has been appointed to a position in the bureau, to work at an early date.

The North Carolina delegation today heard with regret the announcement of the death last night at Baltimore of Congressman Kluttz's daughter, Mary Troy, who recently underwent an operation for appendicitis.

"THE COSMORAMA."

Many beautiful tableaux, amusing scenes and novel displays are being arranged to surprise and delight the audience who will witness the Cosmorama at the Opera House next Friday night, to be given for the benefit of the First Baptist Church choir. The tableaux will be presented with the multi-colored calcium lights and those reproduced will be pictures and statuary by famous artists, and such subjects as Justice, Reconciliation, The Fates, Moon Fairy, Vestal Tuccia and Pallas Athene. The unique displays by the business firms will be no less pleasing than the other numbers of the programme. Come and enjoy two hours of good fun. Seats go on sale this morning at the Temple Pharmacy. Price 50 cents.

THE NEW SAVINGS BANK.

Will Open for Business April 1st on Front Street, Opposite the Postoffice—Mr. Fred W. Dick Cashier.

The Guardian Security Trust and Deposit Company, Wilmington's new savings bank, will open for business April 1st on Front street, opposite the postoffice, in front of the building occupied by Mr. R. H. Grant's plumbing establishment. The location is a most eligible one, and the contract has already been let for a remodelling of the first floor of the building to suit the conveniences of a banking business. Workmen will probably begin the improvement this morning, and the doors of the new institution will be opened next Monday for business, as stated.

In the advertising columns of the STAR this morning it is announced that deposits received now will draw four per cent. interest from April 1st, which may be left either with Mr. H. C. McQueen, president, at the Murchison National Bank, or with Mr. F. W. Dick, at the National Bank of Wilmington.

In this connection it will be gratifying to his numerous friends to know that at a recent meeting of the board of directors of the new institution, Mr. Fred W. Dick was elected to the position of cashier. Mr. Dick has had considerable experience in the banking business with the National Bank of Wilmington, and is withal a clever and popular young man, who will no doubt on his personal account draw a large patronage.

The occupation of the front of Mr. Grant's building by the new bank will in no wise interfere with his plumbing business, as his workshop and salesroom are in the rear apartments and only the front end of the place will be occupied by the bank. In an advertisement in the STAR this morning, he gives notice of the change and respectfully invites a continuation of the patronage of his friends.

Finance Committee Meeting.

The STAR is requested by Chief Schnibben to announce that there will be a meeting of the Finance Committee to arrange for the Firemen's Tournament at the Mayor's office in the City Hall this afternoon at 4.30 o'clock. The committee is composed of Chief Charles Schnibben, Messrs. Hugh MacRae, J. W. Harper, W. E. Springer, T. J. Gore, A. B. Skelding, J. A. Taylor, J. R. Kenly, J. C. Boerch, Dan Quinlivan, J. H. Chadbourn, Jr., E. G. Parmele, George R. French and M. O'Brien.

Local Shipping News.

The schooner *D. J. Sawyer*, Capt. Kelly, arrived from New York and will load with lumber at the Kidder Lumber Company's mill.

The *Seabright* is off on her regular trip to Little River, S. C., but is expected in port to day.

Union Meeting.

The union protracted meeting held in Burgaw, N. C., was led by Rev. William Black, evangelist of the Presbyterian Synod of North Carolina. It closed with services last Sunday evening, the church being crowded. There were many professions, and a handsome sum was contributed to the evangelistic fund.

— Miss Anna Slagle will leave this morning for her home in Illinois.

Low or medium degrees of myopia or short sight, generally known as "near sight," are seldom dangerous when the eyes are properly fitted with glasses. High degrees are both dangerous and progressive; cannot be wholly checked by the use of glasses, and when complicated with disease, weakened constitution or neglect, usually lead to partial or total blindness. We exercise great care in these cases. Advise how to lessen the danger.

Is It Satisfactory?

That's the question that goes with every purchase here. If it's not satisfactory, bring it back to-day—to-morrow—next week—and get your money. It is this absolute assurance of fair dealing that retains our trade (our customers know that "money back" is not a cry set up to deceive the unwary into buying, followed by all sorts of undue excuses and quibblings to avoid returning money on dis-pleasing purchases (one of our maxims reads: "For you to remain dissatisfied is to make us more dissatisfied." It isn't to-day's trade we're depending on—it's to-morrow's—next week's—next month's—next year's!) We want you to be so well pleased with your treatment here and with what you buy here, that you'll come again and again. And we will remark right now that our efforts to please have been so uniformly successful that calls for "money back" are rarely made. But it's here just the same, for any and all demands that may be made for purchases returned as undesirable.

BY WILLIAM H. BERNARD.

WILMINGTON, N. C.

THURSDAY MORNING, MARCH 29.

TANGLED IN THE WEB.

The distinguished Mark Hanna once remarked, (and that was some time ago) that he wished the Philippines were at the bottom of the sea. He didn't have half as much reason to wish that then as he and his fellow engineers of the Republican party have since had. Then it was only a question of our ability to establish American supremacy over the islands, but now it is a question as to what that supremacy means and this has brought with it perplexing questions which are dividing the Americen people and threatening to split in twain the party that is responsible for the pet policy of forcible expansion.

In their passion for grab, and the glory which they thought would come to them through territorial extension, they didn't see the tangle it would put them in, nor anticipate the logical consequences of that extension. These are some of the problems by which the Republican expansion statesmen are now confronted, which have been precipitated by the proposed tariff legislation for Porto Rico, because in the language of Senator Foraker, "beyond Porto Rico came the Philippines."

A good many Republicans and Republican organs have taken up this declaration of the junior Senator from Ohio as the keynote of the policy we are to pursue in the Philippines. As an illustration of the stew they have got themselves into we quote the following editorial from the Dubuque (Iowa) *Times*, one of the leading Republican organs of that State and of the West. Referring to the anti-Porto Rican tariff resolution recently passed by the lower House of the Iowa Legislature, which is overwhelmingly Republican, it says:

"It was illustrated at Des Moines Thursday that the devil soon finds mischief for idle hands to do. The house, having no business of its own pressing for attention, took a hand at running the national government from a distance and made a sorry mess of it. Mr. Eaton introduced his resolution for an appropriation for the Louisiana exposition at St. Louis in 1903, and Mr. Kendall, of Monroe, offered an amendment declaring:

"'That the people of Iowa are unalterably opposed to the establishment of any tariff duties between the United States and any territory acquired as a result of the Spanish-American war, the people of which accepted the sovereignty of this government without resistance and voluntarily passed under the jurisdiction of its constitution and laws.'

"This was adopted as a separate resolution and by a viva voce vote and no vote in the negative was recorded. It will be observed that it was a declaration for free trade not with Porto Rico alone but with any territory voluntarily accepting American sovereignty and not alone an expression of opinion on the question of expediency but an assertion that the territory which passed under our flag and thereby passed under our constitution and laws. Now the Republican party of State and nation is on record in favor of protection for the United States and the open door for the Philippines. The open door means either that we must have a tariff against the Philippines or yield the policy of protection for the United States. It means that the goods of all countries shall be admitted to the Philippines on equal terms. Hence if we are to consider the Philippines as part of our common country, between all parts of which there shall be free exchange of commodities, we must admit free all goods that come to us from its ports, no matter the ports from which they come originally.

"This is not the Republican view alone. It is the Democratic view as well. The Nebraska convention addressed by Mr. Bryan this week declared 'the constitution follows the flag' and that 'the Filipinos cannot be citizens without endangering our civilization.' And Mr. Bryan inquired: 'Are they to be allowed to come to the United States with their oriental methods of living to compete with American labor?'

"Thus we find the Democrats at Lincola declaring that we don't want the Philippines because we would have to take free trade with them while the Democrats of the Iowa house doubtless supported the resolution under the impression that they were supporting Bryan. Thus also we find the Republicans of the House declaring for a policy that would effect the very thing they didn't want, free trade between the United States and all European nations holding commerce with the Philippines. Comparison of the resolution with the speeches in its favor simply confirms the belief that those who spoke and voted on it had made no examination of the question on which they undertook to express an opinion and no study of its effect on the policies of their respective parties and were therefore not qualified to advise the Iowa delegation in Congress on the subject. An expression from the average board of township trustees would have been quite as valuable under the circumstances."

It isn't doing much violence to the probabilities to suppose that the devil does figure more or less in Republican Legislatures, and as the contention of the expansionists is that the Lord had put the Philippines in our keeping it is not altogether strange that this expansion editor concluded that the devil was about somewhere and had something to do with this resolution, to which the writer of the editorial takes such decided objection. But the resolution and the remarks it inspired show how minds which on party matters usually run along harmoniously together can at times take widely divergent paths. The resolution shows what the members of the lower House of the Iowa Legislature think about the new departure of their party leaders, while the comments upon it show the mess into which the expansionists have gotten themselves by undertaking to bring under the flag territory for some purposes and to keep it out for orther purposes, thus trying to evade the logical consequences of their own action.

The framers and adopters of this resolution agree with Senator Foraker that "beyond Porto Rico come the Philippines," but they do not agree with him that we should adopt an un-American, dishonest and oppressive policy towards Porto Rico as a precedent for the same kind of a policy for the Philippines. In other words they believe that Porto Rico having come voluntarily on its part and with our co-operation under our flag has become a part of this country, entitled to the same treatment as other parts, and that other territory acquired under similar conditions stands upon the same footing as Porto Rico and is entitled to the same treatment.

That is the logic of the events resulting in the acquisition of this territory, which no quibbling can get around and no subterfuge can alter without a total ignoring of precedents and of the fundamental law of the Republic.

If they didn't expect this then they should never have taken those islands and called them ours, and if they are unwilling to accept the logical situation now they had better admit their mistake and let the islands take control of their own destinies and thus get out of all this mess into which they have been led by blind or by thoughtless or culpably reckless leaders.

The Democrats don't want these islands because in the first place they don't want us and we have no right to hold them without their consent, and in the second place because by letting them govern themselves we escape the perplexing problems that are now giving the Republican leaders so much trouble and are dividing the party against itself. There is but one honorable, consistent and effective solution of these problems, and that is to turn the islands loose, as soon as practicable, as we propose to turn Cuba loose.

WILLING TO SWEAR TO IT.

The reported interview with a Republican member of Congress who voted for the Porto Rican tariff bill is still the subject of comment in Congress, some of the Republicans denying that there was any deal, and others, Mark Hanna among the number, denouncing the statement in the published interview as a "malicious lie." In the interview, as published in the Washington *Star*, a Republican paper, and a strong supporter of the administration, but opposed to the Porto Rican bill, the Congressman is thus quoted:

"The deal has been made. It is a matter of money for the campaign and the tariff measure will be carried through. The carrying out of the President's recommendation for free trade for Porto Rico would have deprived the party of considerable contribution to the national campaign fund. The adoption of a reverse policy insures a very large contribution. The possible unpopularity of the Porto Rico tariff was balanced against the certainty of money to use in the campaign and the decision was in favor of the campaign contribution. It was not expected that the storm of protest would be as strong as it is, but it is now too late for a change."

If this had been published by an anti-administration paper they might have some reason to pronounce it a lie or a fake, but the paper which publishes it is a strong and consistent supporter of the administration. For obvious reasons it did not give the name of the Congressman quoted, for that would have made it very unpleasant for him with his Republican associates, who would never forgive him for his candid confession of a deal that they wished to have kept from the public, but the *Star* reiterates the statement and, referring to the denial of Congressman Payne, Senator Hanna and others, says:

"The interview was had, as reported in the *Star* Friday, with a Republican member of the House who supported the Porto Rican tariff bill with his vote. It was written a very short time after the conversation between the representative and the *Star* reporter closed. This fact can be supported by the oath of the man who wrote the interview, who is perfectly willing to take oath to it."

Now if they want to settle the question of veracity let them put the *Star* reporter on the stand and hear what he has to say about it, under oath. It is pretty safe to predict that they will not dare to do it.

THE BEGINNING OF THE NEW DEPARTURE.

The New England cotton manufacturers have been taking some comfort from the belief that although the Southern mills might eventually take from them the manufacture of coarse goods, they would have a pretty sure thing on the finer and more profitable goods, for the manufacture of which they fancied they had advantages over the South. They had persuaded themselves that the climate of the South was not favorable for the manufacture of the finer grades on account of too much humidity, or something else, but they seem to have lost sight of the fact that there has been steady improvement in the quality of goods made in the South and that there are now annually produced millions of yards of goods of a quality which they a few years ago would have thought it impossible to profitably make in this section.

In discussing this question we have all along contended that there were no climatic or other obstacles in the South to prevent the manufacture of the finest grades of goods and that it would be only a question of time, and of expediency when the finer grades would be as successfully produced as the common grades have been. As bearing upon this, and showing that this was not a matter of mere empty speculation, we quote the following from the Baltimore *Sun*:

"The significant announcement comes from Columbus, Ga., that the Bibb Manufacturing Company, of Macon, has purchased a site in the suburbs of Columbus and will at once let a contract for the construction of a new 20,000 spindle cotton mill for the manufacture of high grade goods. This will be apt to open the eyes of New England manufacturers, who, while willing to concede the superior advantages of the South for producing the coarser fabrics, have all along contended that because of climatic conditions, the want of educated labor, etc., the South would never be able to compete with New England in the production of the higher grades of goods. Referring to this new move the Columbus *Enquirer-Sun* says: 'It is understood that prominent English capitalists are interested in this enterprise, and it is certain that the company controls all the capital that will be needed to carry out any enterprise it may project, no matter on how large a scale it may be planned.' The Bibb Manufacturing Company has also secured control of the Columbus Power Company, whose plant is now nearing completion. This will be one of the largest power plants in the world, using water power for generating and transmitting electric power. The Bibb Manufacturing Company has a capital of $1,800,000. Eighty handsome tenement houses, to be occupied by the operatives of the new mill, will be erected at once."

That the promoters of this enterprise have no fears of failure may be taken for granted, for they would never have invested the amount of money herein stated in a mere experiment. With this as a stater, we expect soon to see announcements of the establishment of other plants for the manufacture of high grade goods in other localities.

The latest figuring on the British casualties in South Africa is 16,652 killed, wounded and missing, exclusive of invalids sent home. There will be several thousands more added to this list before the racket is ended, unless they comp with Oom Paul and his burghers.

JUDGE BATTLE DEAD.

The announcement of the death of Judge Dossey Battle will be read with much sorrow by the thousands of people who enjoyed the pleasure of his acquaintance or knew him by reputation. Endowed with all the graces of genial fellowship, bright and sunny in temperament, ever courteous and considerate of all with whom he came into contact in private or official intercourse, he made friends of all who knew him, and never an enemy whose good opinion an honorable man might desire.

For years identified more or less with the press of the State he won enviable reputation as a witty and brilliant writer, as a lawyer he stood in the front rank of his profession, as a Judge he was fearless, able and impartial, as a citizen he was true to his State and wore his principles upon his forehead, as a man he could always be counted on as the soul of honor, as a husband and father he was affection personified.

Such was Dossey Battle, as we knew him, We could say more, we could not say less. May he sleep the sleep of the good.

CURRENT COMMENT.

—— Mr. Hanna might point to the fact that he is too busy trying to make his Philadelphia collections to even think of working a campaign fund out of Porto Rican tariff.—*Washington Post, Ind.*

—— The dry season in the Philippines is nearly over. We doubt if it amounted to much, anyhow, after the introduction of the American saloon.—*Norfolk Landmark, Dem.*

—— "Mississippi," it is noted, "does not propose that the cotton mill building movement shall pass her by. She wants he share of mills and is getting them and will continue to get them, the present Legislature has exempted them from taxation, State, county and local, for a period of ten years, and has also provided a large appropriation for a textile school at Starkville."—*Charleston News and Courier, Dem.*

—— Pity the President who knows "our plain duty to Porto Rico," but dare not do it lest his party leaders refuse him in the nomination for another term. But, what's the use of nomination if you can't get the votes? And doesn't he understand that the voters of the country know our plain duty to Porto Rico just as well as he, and that they are waiting impatiently for the chance to give a blow to the monopolies that stand in the way of our doing it?—*Brooklyn Citizen, Dem.*

Hot Weather Philosophy.

"Hot weather philosophy" is sometimes sneered at, but the simple fact is that much discomfort can be avoided when the temperature is high if common sense methods are employed. Regular hours for eating and sleep should be adhered to and care taken to include in one's diet only such things as are suited to the season. When the mercury is at 90, meats should be left alone or indulged in sparingly. Anything that tends to heat the blood should be forgone in favor of fruits and vegetables, fish and simple, cooling drinks. Keep out of the sun as much as possible, walk on the shady side of the street, rest a few minutes every once in awhile if you can, catch a nap at lunchtime, refrain from worrying and don't look at the thermometer every quarter hour. A careful man will suffer less with the mercury at 90 than he would on a much cooler day if he failed to observe the ordinary rules of nature.—Providence Journal.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, March 28.—The cotton market opened steady with prices three points higher to two points lower. This was a surprise to longs as Liverpool showed an advance of 1-32d in spots and 3@5 64d in futures at the opening. Later the foreign market declined and closed ¼ and 2 64d lower. Selling to liquidate long accounts became general in the local market and prices gradually worked off to a level, nine to thirteen points below the opening figures. Some "notices" for the delivery of cotton on April contracts were issued, adding to the local weakness. Outside speculation was at a very low ebb, but fears of manipulation held the bear contingent in check. There was some buying by traders representing New Orleans and foreign accounts this morning, but gave way later to selling by the same class. Some of the selling was traced to Wall street. In the afternoon the market was a hesitating one, with the volume of business below the average. The close was finally quiet but steady at a net unchanged prices to decline of ten points.

"Housework is hard work without Gold Dust."

Washing Dish Cloths

Kitchen cloths must of course be washed daily, otherwise they harbor grease and odors and become unhealthy. They should be made of knit-crochet-cotton, in a square of suitable size. When you wash them, if you will add a tablespoonful of

Gold Dust Washing Powder

to the hot water it will cut the grease and clean them in half the time; dry them out in the sunshine and air.

Mrs. Puritan—How do you like it in there?

Her Husband—You don't see me making any kick about it, do you?—Pittsburg Press.

Great Inducements.

"Hi, Skinny, give me yer candy and yer can play wid us."—New York Journal.

A Full Explanation.

The General—Is that the way your men present arms?

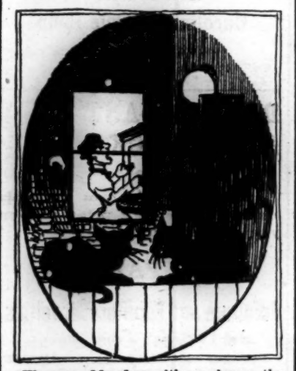
The Colonel—Well, you see, general, they've not had much practice. They've only had their guns a week. Their last arms they presented to the enemy.—Pick Me Up.

Vocal Improvement.

"Is your daughter enjoying her musical studies abroad, Mrs. Flimflammer?"

"Oh, so much! She writes that she goes to five dances every single week."

Other Victims.



Thomas—My dear, it's a shame the way that creature howls! If I had a bootjack I'd throw it at her, and then perhaps we'd get some sleep.—New York World.

A Welcome Phrase.

"Who is that man?" asked Aguinaldo.

"He is a life insurance agent."

"Well, let him come in and see me whenever he wants to. He said something about a cash surrender, and if he can give me any advice on how to arrange one it will be worth money to him."

A Smaller Investment.

"Just think of the men who became great by burning the midnight oil."

"Yes," answered the man who speaks in weary accents. "One could afford to burn oil. Those men didn't have to run risks and put in their good money burning gas at $1.25 per 1,000 feet."—Washington Star.

The Bostonian—I perceive. Yet there is more of a difference than is at once visible to the thoughtless. We do not rear our beans in the city.—Indianapolis Journal.

Pushing Along the Good Work.

"My wife got up a charity card party last week."

"Did she have any success with it?"

"I should say she did! Took in almost enough to pay for the prizes."—Chicago Times-Herald.

WITH APOLOGIES TO POE.

Once upon a midnight creepy while I tarried, tired and sleepy,
Trying to compose a poem that should set the world a-roar,
All at once I heard a knocking, heard also some language shocking;
Heard a voice say: "Hey, Old Stocking, come and open up the door!
Come and open ere I kick a panel from your blamed old door!"
Only this and nothing more.

Ah, distinctly I remember, 'twas the middle of November,
And 'twas raining like the devil, raining hard as it could pour;
Round the house the winds were wailing, through the air the dead leaves sailing,
O'er the skies the black clouds trailing, when that knock came on my door.
"'Tis some batting cuss," I murmured, "who would have me ope the door.
I will do so—nevermore."

Presently I got my nerve up, summoned all my latent verve up,
And I shouted, "Duck, you snoozer, chase yourself and come no more!"
Louder then became the knocking, awfuller the language shocking,
And I once thought of unlocking and of opening the door;
Thought of fixing that old rounder so that he would bat no more—
Never, never bat no more.

But instead I sat and waited, while my bosom palpitated
And that duffer agitated with his brawny fist my door;
Loud and louder yet he pounded, till the neighborhood resounded,
And the people were astounded at the clamor on my door;
Stuck their heads out of their windows, turned their faces toward my door,
Then went back to bed and swore.

For two hours more I waited, then no longer hesitated,
And, with anger unabated, open wide I flung the door:
Not a sign of man or spirit, nothing human, nothing near it,
Met my sight, and now I fear it was my brain throbs o'er and o'er
While 'twas working on that poem that should set the world a-roar—
Only this and nothing more.

The Dunderhead!

Heroine (in amateur dramatic performance)—You know, Mr. Hankinson, that if we do any kissing on the stage in this play it must be "stage kissing," or, at least, seem to be so. You understand?

Hero—Why, I didn't know there was to be any kissing in it at all.

Heroine (instantly freezing)—There won't be, Mr. Hankinson.—Chicago Tribune.

Got Home by Accident.

"Dad's been runnin fer office ten year, steady," he said, "but the other day he lost his way an run against home, breakin his head in a sorter head end collision, an the family hauled him in, an shook han's with him, an mammy put on her specs and hollered, 'Goodness gracious, how you has changed!'"—Atlanta Constitution.

Saved by a Conjecture.

"What made you take all that impudence from that fellow?" asked the friendly passenger of the conductor.

"Why, he didn't even pay his fare."

"That's it," said the conductor. "If he had paid his fare, I'd have broken his head, but he's riding on a pass, and maybe he has a pull."—Harlem Life.

The Morning Star.

WILMINGTON, N. C.

THURSDAY MORNING, MARCH 29.

LORD WOLSELEY'S SPEECH.

The Country to Be Congratulated on the Manner in Which the War in South Africa is Proceeding.

By Cable to the Morning Star.

LONDON, March 28.—Presiding at the annual meeting of the Militia Rifle Association this afternoon, the commander-in-chief of the forces, Lord Wolseley, said the country was to be congratulated on the manner in which the war was proceeding. Great Britain, he pointed out, had in the field the largest army ever sent across the seas in the history of the world, and composed of the finest men he had ever seen in any army. This satisfactory situation, he continued, was primarily due to the wonderful army system inaugurated by Lord Cardwell, but for which it would have been impossible for Great Britain to carry on the South African war, as had it not been for the militia and reserves, Great Britain would have been in a very bad way.

Continuing, Lord Wolseley said nearly nine hundred officers and thirty battalions of militia had been landed in South Africa since the war, that 2,700 militia had passed into the regulars since 1887-88 and that the embodiment of the militia into the regulars this year was successfully carried out.

The commander-in-chief further said that the officer in charge of the embarkation testified to the high standing of all who went out; all of which, he concluded, proved the immense value of militia to regular troops.

R., F. & P. RAILROAD.

Will Be Operated by the Pennsylvania and Baltimore & Ohio.

By Telegraph to the Morning Star.

NEW YORK, March 28.—The *Evening Post* to day says:

"It may be stated on very excellent authority that the operation of the Richmond, Fredericksburg and Potomac railroad will be taken over by the Pennsylvania and Baltimore and Ohio. Whether these roads will act separately or jointly is not yet settled, but the Richmond line will hereafter be dominated by these two companies, which heretofore have used it as a connection for the South. It extends from Richmond north to Quantico, Va., eighty miles, on the Potomac river, where it connects with the Pennsylvania's line to Washington. It is also used by the Atlantic Coast Line and the Seaboard Air Line as part of their Washington line. The success of the Seaboard Air Line in securing a charter at the recent session of the Virginia Legislature for a parallel line from Richmond to Washington has brought the company's affairs before the public. There is a possibility that the new control of the property, which may be taken as practically established, will make it possible to effect some arrangement by which the possibility of the building of this proposed parallel line will not be undertaken."

STANDARD SQUARE BALE.

Rule Adopted by the Savannah Cotton Exchange for Next Season's Crop

By Telegraph to the Morning Star.

SAVANNAH, GA., March 28.—The Savannah Cotton Exchange is sending out a circular letter respecting cotton baling, giving a new rule with respect to bales, which is to go into effect with the beginning of the next cotton year. The circular says that on and after September 1st, 1900, "all sales of cotton in square bales shall be based on packages of standard size (twenty-four by fifty four inches), and when bales of other dimensions are tendered for delivery an allowance of twenty-five cents per bale shall be made to the buyer by the seller on such cotton."

Copies of the above rule are being sent to the various exchanges of the United States, requesting their cooperation, and to farmers, ginners, merchants, newspapers and others interested in the general adoption of a uniform size cotton bale. The Galveston Cotton Exchange has practically adopted the rule.

GENERAL ROBERTS ABOUT TO MOVE.

Believed That the British Advance on the Boers Will Begin Monday.

BOER FORCE AT KROONSTADT

One Hundred and Thirty-five Miles Away. Reconstruction of Railway May Delay the Movement Until May. Affairs in the Free State.

By Cable to the Morning Star

LONDON, March 29, 4 A. M.—Gen. French, who has arrived at Bloemfontein from Thaba Nohu, says that Commandant Olivier has 6,000 men and is north of Ladybrand.

Immense quantities of stores have now been accumulated at Bloemfontein, and Lord Roberts' infantry is seemingly about to move. An impression, which can be traced to the War Office, is abroad that the advance will begin next Monday. Boer observation parties are hovering near Bloemfontein, but Lord Roberts has one hundred and thirty-five miles to cover before reaching the great position which the Boers are preparing at Kroonstadt. Moving ten miles a day is probably the best he can do with field transport. Therefore, he can hardly engage the Boers in force for two weeks. The reconstruction of the railroad behind him may even delay an invasion of the Transvaal until May.

Meanwhile all the important towns in the Free State, within Lord Roberts reach, are being garrisoned.

Sir Alfred Milner is touring in the disturbed newly acquired territory, investigating conditions and arranging the administration. He is understood to be getting materials for a report to Mr. Chamberlain, concerning a plan of civil government.

All the morning papers print singularly kind editorials concerning Gen. Joubert. They praise his military skill, uphold his chivalrous conduct, and regret that so strong and moderate a mind should be absent from the final settlement of the dispute.

Although some of the younger commanders thought the old soldier wanting in dash and enterprise, his raid into the country south of the Tugela is considered the best piece of Boer leadership during the whole war. It is now known that he crossed the Tugela with only 3,000 riflemen and six guns; but so bold and rapid were his movements that the British commanders thought 10,000 Boers were marching on Pietermaritzburg. For a few days, although in the presence of greatly superior forces, he isolated General Holdyard's brigade at Eastcourt, and at the same time threatened General Bartons camp at Mooi river. Then, as British reinforcements were pushed up, Joubert re-crossed the Tugela without losing a prisoner, a wagon or a gun.

General White's estimate of him, pronounced on Tuesday before he died as a gentleman and a brave and honorable opponent, strikes the tone of all British Comment.

The Foreign Office, according to the *Daily Chronicle*, is arranging with Portugal for some thousands of British troops to be landed at Beira, to be sent by the Rhodesia railway from Massi-Kesse to Umtali. A permanent arrangement is understood to exist for the use of this route to transfer the Rhodesia police. The possibility of foreign protest is suggested by the *Daily Chronicle*.

Among the items cabled from Pretoria is a statement that prominent residents there object to a defence of Pretoria and desire that President Kruger should retire to Lydenburg. It is alleged that the principal buildings at Johannesburg have been undermined by order of Kruger.

Boers Retook Ladybrand.

KRONSDADT, ORANGE FREE STATE, March 27.—Commandant Crowther who commands the Transvaal fighting line in the South, reports that he has re-taken Ladybrand after the British had been there an hour. He adds that Landrest Vangorkum and Field Cornet Smith fell into the hands of the British, of whom there were three wounded and one was made a prisoner. The Boer loss, he declares, was nil. The British fled in the direction of Maseru.

In a skirmish near Brandfort four Lancers were killed and six were wounded.

Free State Pacification.

LONDON, March 28.—The British High Commissioner, Sir Alfred Milner, arrived at Bloemfontein last night, and was met by Lord Roberts and his staff.

According to a dispatch from Bloemfontein, published in the second edition of the *Times*, the high commissioner's visit is of a private nature. It is thought this can be nothing but an official subterfuge, the question of the pacification of the Free State and the treatment of the insurgents, doubtless being discussed between Lord Roberts and Sir Alfred Milner.

Reports from Rouxville and other towns say the surrender of arms to the British continues satisfactorily.

General Clement's column entered Fauresmith Tuesday, March 27th, having previously occupied Jagersfontein. Magistrates were appointed, the proclamation was read, bands of music met the troops and flags were flown. The scenes resembled the American occupation of Porto Rican towns.

Among the spectators at Fauresmith was President Steyn's daughter. Heavy rains made General Clement's march hard and are causing sickness among the troops.

Fight or Surrender.

A dispatch from Mareru, Basutoland, dated Tuesday, March 27th, says the apparently reliable reports that the Boers are re-entering Ladybrand, cause the presumption that the British troops have crossed the line of the Boer retreat towards Kroonstadt and that a fight or surrender near Ladybrand is imminent. As Maseru dispatches are not distinguished for their accuracy, and as the British force near Ladybrand under Colonel Pilcher is quite small, nothing very definite seems likely to result from the operations.

Further advices from Mafeking dated March 16th, reiterate that all was well there and that the cordon was not so tightly drawn, the Boers allowing natives to pass through their lines, which they had previously forbidden.

The native refugees are reported to be too stupid and lazy to work or take cover from the shells. They gather in crowds around the soup kitchens, and have to be driven away when the warning bell rings.

The bombardment, just previous to the dispatch sent, had been unusually vigorous, and it was added that it was probable that before long the rations would be still further reduced.

Preparing to Move.

A special dispatch from Bloemfontein says: "The period of inaction is coming to an end. Troops are being pushed to the front and transports and stores are being collected. The men are in grand condition and the horses are picking up wonderfully." However, the reports regarding the imminence of a forward movement are so conflicting that they cannot be taken as in any way authoritative.

DEATH OF GEN. JOUBERT.

The Boer Leader Succumbed to a Physical Ailment—Pretoria Plunged Into Mourning.

By Cable to the Morning Star.

PRETORIA, March 28.—General Joubert died last night at 11:30 o'clock. He had been suffering from a stomach complaint.

The town is plunged into mourning, for the true patriot, gallant general and upright and honorable gentleman.

LONDON, March 28.—The afternoon newspapers to day publish long biographies of General Joubert. Generally they are in a kindly tone. The *Pall Mall Gazette* says:

"Piet Joubert was the one contemporary Transvaal Boer except Chief Justice Kotes, whose death could call forth a sincere tribute of respect from Englishmen of all parties. He was the antipodes in the Transvaal world of Leyds, and personally was honest, straight and clean handed."

LONDON, March 28.—The Pretoria correspondent of the *Daily Mail*, telegraphing yesterday, says:

"General Joubert died of peritonitis. The funeral will take place to morrow (Thursday). The government is pleading with the widow to allow a temporary interment here, with a state funeral. Joubert always expressed a desire to be buried in a mausoleum built on his farm.

"His successor in the chief command will probably be General Louis Botha, now commanding in Natal."

PARIS, March 29.—The Paris press is unanimous in eulogizing the late General Joubert, whose death is considered a serious loss to the Federals. All the papers agree in thinking that a change in the chief command is bound to have grave consequence for the Boer operations. Many think, however, that President Kruger is fully equal to the task, and that, considering his military reputation the resistance of the Boers is likely to be come more stubborn than ever.

THE KENTUCKY TROUBLE.

Warrants Out for Arrest of More Republican State Officers.

By Telegraph to the Morning Star.

FRANKFORT, KY., March 28.—Detective Armstrong left to night for Eastern Kentucky, and it is reported that he has warrants for more Republican State officers and other persons equally prominent. It is said that these warrants are based on information furnished by W. R. Culton, who is said to have confessed. Culton is a deputy under Auditor of State Sweeney. Culton was in the executive building previous to the incursion of the mountaineers and at the time of Goebel's assassination, and it is said he has told about conferences and conversations around the State building during January. All sorts of rumors are circulated about what Culton has said and about his wholesale charges against State officers, deputies and clerks.

Colonel T. C. Campbell and Arthur Goebel went to Cincinnati to-day.

RUSSIA IN THE EAST.

Renewed Trouble With Japan--Probability of Seizure of a Korean Port.

By Cable to the Morning Star.

LONDON, March 29.—A dispatch to the *Daily Mail* from Kobe, dated March 28th, says:

Renewed trouble between Russia and Japan in Korea is imminent. The movements of the Russian fleet indicate the probability of the seizure of a Korean port.

The War Office officials at Tokio are holding conferences and there has been considerable military and naval activity in Japan this month.

YOKOHOMA, March 28.—The Mikado will review forty Japanese warships off Kobe toward the end of April.

PORTO RICO BILL IN THE SENATE.

Agreement to Take a Vote on the Measure Next Tuesday Afternoon.

FREE TRADE PROPOSITION.

House Proceedings—The Army Appropriation Bill Considered—Amendments Offered--Conference Report on Pension Bill.

By Telegraph to the Morning Star.

WASHINGTON, March 28.—The Senate to-day agreed to vote on the Porto Rico government and tariff bill Tuesday afternoon at 4 o'clock. An important utterance was made later in the day on the bill by Senator Davis, Minnesota. He advocated free trade between the United States and Porto Rico and urged that the necessary money to be raised by taxation be by an internal revenue tax levied upon rum and tobacco produced on the island. This system, in his opinion, would better suit the people of the United States and those of Porto Rico than the proposed tariff and would be just, equitable and constitutional.

The amendment offered by Mr. Carter to the Alaskan Civil Code bill, relating to mining for gold under the waters of Cape Nome, was agreed to, but no further progress was made with the measure.

The conference report on the measure providing additional amounts to supply urgent deficiencies was agreed to.

An unsuccessful effort was made by Mr. Foraker to fix a time for a vote on the Porto Rican tariff and government bill.

Mr. Bacon, Georgia, suggested to-morrow, and Senator Proctor, Vermont, next Tuesday afternoon. The latter was agreed to.

The Alaskan code bill was taken up and Mr. Carter's amendment offered yesterday, was adopted without division.

Consideration of the Porto Rican bill was then resumed, the pending question being upon the free silver coinage amendment offered by Senator Morgan. The amendment was defeated, seventeen to thirty three.

Senator Davis said that no man could tell half the tariff would yield, and as no man could say that the export tax was constitutional, it seemed to him that there ought to be no hesitation as to the course to be pursued, the pathway of plain duty.

The Senate then at 4.50 P. M. adjourned.

House of Representatives.

The House, after passing the Senate bill to approve an adjustment of the sales of lands in Kansas and Nebraska made to settlers in 1883, and agreeing to the conference report on the Pension Appropriation bill, devoted the remainder of the day to the considera tion of the Army Appropriation bill. Several minor amendments were adopted and about half the bill was covered.

Mr. Mahon, of Pennsylvania, moved an amendment to prevent the Secretary of War from employing clerks from outside the pale of the civil service in his department. This was adopted. An amendment offered on behalf of the committee by Mr. Ash, of Wisconsin, to reduce the appropriation for travel allowance to enlisted men on discharge from $3,000,000 to $2,000,000, and to provide a mileage commutation at the rate of four cents a mile, went out on a point of order.

Speaking on a pro forma amendment, Mr. Driggs, New York, called attention to a newspaper article describing the luxurious fittings of the transport Sumner, which, he said, was remodelled at enormous cost. Mr. Driggs said the enormity of the extravagance in the fitting of the ship was beyond credence. An $8,000 silver service had been placed in her, he said, with cut glass tumblers which cost 75 cents apiece. The palatial furnishings of the Sumner were such as could be found nowhere except on a millionaire's yacht. He contrasted the condition of this transport with those employed by the government when the soldiers were being sent out to fight their country's battles during the Spanish war. Mr. Driggs said he proposed to introduce a resolution to investigate the extravagance in fitting up the Sumner.

Mr. Driggs said his only desire was to criticise unjustifiable extravagance.

Mr. Lentz, Ohio, offered an amendment providing that no part of the money appropriated for the pay of the army should be paid to the son of any member of Congress who had secured his appointment since the destruction of the battleship Maine. It was ruled out on a point of order.

Recurring to the newspaper article read by Mr. Driggs, Mr. Wheeler, Kentucky, delivered an appeal against extravagance. If it was unpatriotic to protest against that, he said he was willing to take the responsibility of being unpatriotic.

Without completing consideration of the bill the conference report on the Urgent Deficiency bill was agreed to and at 5.10 P. M. the House adjourned.

COMPULSORY VACCINATION.

To Be Enforced in Savannah, Ga., Under Penalty of Fine or Imprisonment.

By Telegraph to the Morning Star.

SAVANNAH, GA., March 28.—Mayor Myers has issued his proclamation establishing compulsory vaccination within the limits of the city. Ten days time is allowed, after which all persons found that are not vaccinated will be proceeded against to the extent of the law, which imposes a fine of $100 or one month imprisonment. There is not a case of smallpox in the city, but this stringent order has been made in order to render the whole city immune because there is smallpox elsewhere in the State and in neighboring States.

ARRESTED AT JACKSONVILLE.

Geo. W. Clark, Charged With Robbing a Safe at Perry, Ga.

By Telegraph to the Morning Star.

JACKSONVILLE, FLA., March 28.—George W. Clark, of Macon, Ga., was arrested here this afternoon. He is charged with blowing open the safe of the Perry Loan and Savings Company, of Perry, Ga., some weeks ago, and stealing from it over $4.000.

W. J. Riley, representing the Perry Bank, is in the city and has identified Clark.

CANNOT INTERFERE.

President McKinley Will Not Disarm the Kentucky Militia.

By Telegraph to the Morning Star.

WASHINGTON, March 28.—The President informs Kentucky Republicans that while he cannot interfere in Kentucky affairs to the extent of disarming the militia of either faction, he is willing so far as he can legitimately do so to recognize the Republican officials of the State as the de facto officials. He told them in the same connection that he would give directions that mail addressed to an official by title only, as to "The Governor" or "The Secretary of State" should be delivered to the Republicans holding those offices and not to Democrats.
